Hi Everyone - thanks again to everyone for the write-ups/edits. Here's the latest version of the Riparian Rule write-up. We have our meeting with Dan, Christine, and Dave on Thursday, 6/5 at 12:15pm to go over the talking points in Attachment 1.

John, if you can add your bullet points to this attachment, that would be great. I'll try to connect with you tomorrow.

Everyone else, feel free to take a look. I've put the rest of what we put together as "background papers" and reformatted it for easier reading. I think we're in pretty good shape to use it to strategize on what we say and how we say it.
